

Pwy sy'n rheoleiddio gweithwyr proffesiynol gofal iechyd a chymdeithasol?

***Pwy sy'n dweud beth all
fferyllydd ei wneud?***

***Pwy sy'n monitro gweithiwr
cymdeithasol?***

***A all unrhyw un alw ei hun yn
nyrs 'cofrestredig'?***

***Pwy sy'n dweud bod meddyg
yn feddyg?***

Gofalu eich bod yn derbyn gofal a thriniaeth dim ond gan bobl sy'n cyrraedd ein safonau

Beth rydych yn ei ddisgwyl gan weithiwr proffesiynol gofal iechyd neu gymdeithasol?

Rydych yn disgwyl i'ch meddyg, nyrs, deintydd, gweithiwr cymdeithasol ac unrhyw weithiwr proffesiynol gofal iechyd neu gymdeithasol wneud y canlynol:

- eich trin gydag urddas a pharch;
- meddu ar y sgiliau a'r wybodaeth i'ch trin neu i ofalu amdanoch; a
- dangos safonau uchel o ymddygiad.

Rydych yn disgwyl hefyd y bydd rhywun yn gweithredu os oes gennych bryderon ynglŷn â safon y driniaeth neu'r gofal rydych wedi'i gael.

Pwy sy'n sicrhau y cwrddir â'r safonau hyn?

13 sefydliad ydyn ni, sy'n rheoli gofal iechyd a chymdeithasol. Mae pob un ohonom yn monitro un neu fwy o'r proffesiynau gofal iechyd a chymdeithasol trwy reoleiddio'r proffesiynau unigol ledled y DU a sicrhau eu bod yn cwrdd â'r safonau hyn.

Crëwyd y sefydliad hwn i ddiogelu'r cyhoedd, ac i sicrhau bod unrhyw un rydych yn eu gweld sy'n darparu gofal iechyd neu gymdeithasol yn y DU (boed yn breifat neu drwy'r GIG) gallwch fod yn sicr eu bod yn cwrdd â'n safonau. Mae'r daflen hon yn egluro wrthoch chi am y gwaith rydym yn ei wneud a sut i gysylltu â ni.

Rydych yn disgwyl i weithiwr proffesiynol feddu ar y sgiliau a'r wybodaeth i ddarparu triniaeth neu ofal o safon uchel ichi

Rhan bwysig o'n rôl yw sicrhau bod gweithwyr proffesiynol gofal iechyd a chymdeithasol sy'n gweithio yn y DU yn meddu ar y sgiliau a'r wybodaeth y maent eu hangen er mwyn ymarfer. Rydym yn gosod safonau eu cyrsiau a'u hyfforddiant.

Er mwyn eich bod yn derbyn triniaeth a gofal dim ond oddi wrth bobl sy'n cwrdd â'n safonau, rydym bob un yn cadw cofrestr. Yn ôl y gyfraith, dim ond y rhai sydd wedi dangos eu bod yn cwrdd â'n safonau sy'n cael eu cynnwys yn ein cofrestr.

Rydych yn disgwyl i'ch gofalwr proffesiynol ddangos safonau ymddygiad uchel

Mae Rheolyddion hefyd yn gosod y safonau ymddygiad y mae rhaid i aelodau pob proffesiwn lynu wrthynt. Rydym yn rhoi arweiniad ar yr hyn yr ystyrir yn ymddygiad derbyniol. Rydym yn ystyried peidio â chwrdd â'r safonau hyn yn fater difrifol iawn.

Rydych yn disgwyl y bydd rhywun yn gweithredu os oes gennych bryderon ynglŷn â safon y driniaeth neu'r gofal rydych wedi'i gael

Os oes gennych bryderon ynglŷn â gallu neu ymddygiad y person a roddodd ofal ichi, cewch fynd yn uniongyrchol i'r person hwn, neu eu cyflogwr. Gellwch gael cyngor gan gorff neu wasanaeth megis Canolfan Cynghori (CAB), Gwasanaeth Eiriolaeth Cwynion Annibynnol (ICAS), Cyngor Iechyd Cymunedol neu Gwasanaeth Cyngor a Chyswllt Cleifion (PALS) lleol.

Gallwn hefyd weithredu i ddiogelu'r cyhoedd. Gallwn ymchwilio cwynion ynglŷn â gweithwyr cofrestredig. Os yw'r sefyllfa'n ddigon difrifol, gallwn ddiddymu eu hawl i ymarfer yn y wlad neu wledydd priodol o'r DU.

Pwy sydd wedi'u cofrestru?

Er mwyn ymarfer mewn un o'r proffesiynau a restrir isod, mae rhaid i unigolyn fod yn gofrestredig gyda'r rheolydd priodol. Os nad ydynt wedi'u cofrestru ond maent yn dal ati i ymarfer, maent yn torri'r gyfraith ac mae'n bosibl y cânt eu herlyn. Mae ein cofrestri ar agor i'r cyhoedd. Felly, os rydych am wirio a ydi rhywun wedi'i gofrestru, cewch ein ffonio neu edrych ar ein gwefan.

Gallwch lawrlwytho'r daflen hon drwy fynd i unrhyw un o'r gwefannau a restrir yn yr adran cysylltiadau.

Who regulates health and social care professionals?

Who says what a pharmacist can do?

Who monitors a social worker?

Can anyone call themselves a 'registered' nurse?

Who says a doctor is a doctor?

Making sure you receive treatment and care from only those who meet our standards

What do you expect from a health or social care professional?

You expect your doctor, nurse, dentist, social worker and any other health or social care professional to:

- treat you with dignity and respect;
- have the skills and knowledge to treat or care for you; and
- show high standards of behaviour.

You also expect that someone will take action if you are concerned about the standard of treatment or care you have received.

Who makes sure these standards are met?

We are 13 organisations, known as health and social care regulators. We each monitor one or more of the health and social care professions by regulating individual professionals across the UK and making sure they meet these standards.

We were created to protect the public, and to make sure that whenever you see a person who provides health or social care in the UK (whether private or in the NHS) you can be sure they meet our standards. This leaflet tells you about the work we do and how to contact us.

You expect a professional to have the skills and knowledge to provide you with a high level of treatment or care

An important part of our role is making sure that health and social care professionals working in the UK have the skills and knowledge they need to practise. We set the standards for their courses and training.

To make sure you only receive treatment and care from those who meet our standards, we each keep a register. By law, only people who have shown that they meet our standards are allowed onto these registers.

You expect your professional to show high standards of behaviour

Regulators also set the standards of behaviour that members of each profession must keep to. We provide guidance on what is considered to be acceptable behaviour. We treat failure to meet these standards very seriously.

You expect someone will take action if you are concerned about the standard of treatment or care you have received

If you have concerns about the ability or behaviour of the person who cared for you, you may go directly to that person, or their employer. You may be able to get advice from an organisation or service such as a Citizens Advice Bureau, Independent Complaints Advocacy Services, a Community Health Council or a local Patient Advice and Liaison Service.

We can also take action to protect the public. We can investigate complaints about registered workers. If the situation is serious enough, we can remove their right to practise in the relevant country, or countries, of the UK.

Who is registered?

To practise in one of the professions listed, an individual must be registered with the relevant regulator. If they are not registered and still practise, they are breaking the law and they may be prosecuted. Our registers are open to the public. So, if you want to check if a person is registered you can do this either by calling us or by checking on our websites.
